Competent and experienced

Hans Put is the new Sales and Business Development Manager at Kern N.V. in Belgium

Stalden, 24.01.2024: Hans Put has been the new Sales and Business Development Manager at the Kern subsidiary in Belgium since January 1.

He has worked in the printing and inserting industry in various departments and functions since 1989. After a well-deserved and necessary sabbatical year, Hans Put is back in sales, the position he has held for the longest time in his career and which suits him best.

"As Sales and Business Development Manager, I want to play a meaningful role in finding the best solution for our customers, thanks to the excellent and advanced products and solutions from Kern and our partners.

Thiry Moustie, Managing Director Kern N.V. adds: "We are pleased to have Hans, a competent and experienced professional from the industry, in our sales team".

About Kern:

We have a tradition of innovation. Kern offers products, solutions and services from the "first to the last mile": inserting systems and packaging systems as well as comprehensive services that round off the product range.

At Kern, everything comes from a single source: from development to production, installation and commissioning on site. All segments are seamlessly linked to the traditional inserting business (kernMail). The mailing logistics division (kernPack) is also successfully staffed. The worldwide Kern Service guarantees optimum availability and productivity of the systems.

With the new management trio in the strategic and operational business, Caroline and Barbara Kern, together with Stefan Wüthrich, are continuing the success story of the traditional Swiss family business.
